01 · DUE DATE

Put a real due date

Not "pay soon". A date gives your client a deadline to plan around.

02 · ITEMS

List every line

INVOICE

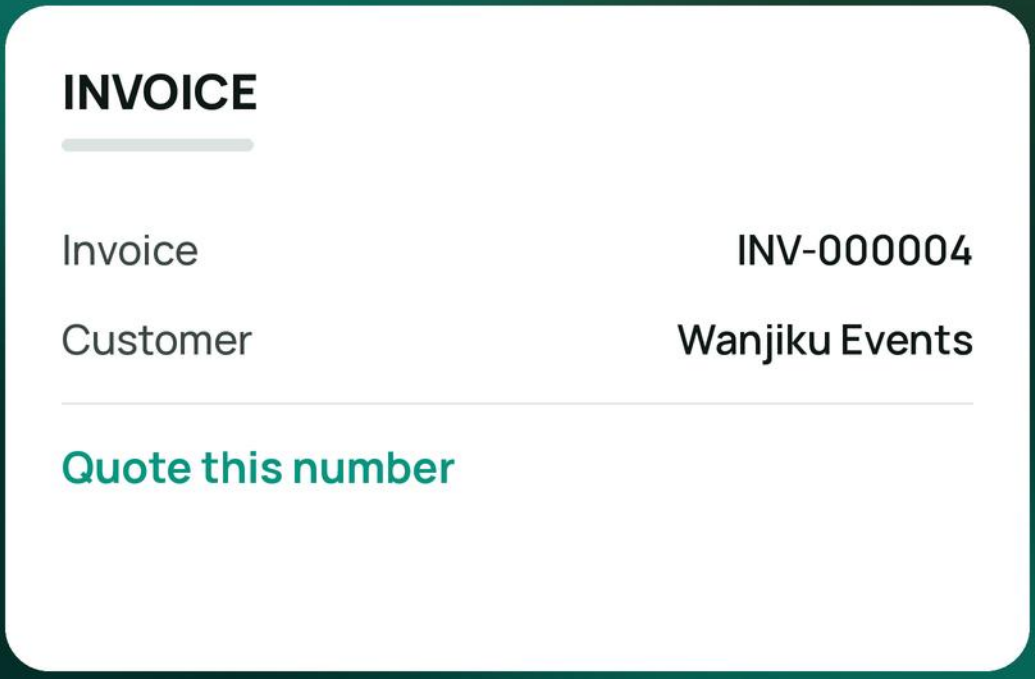

2 × Brand photo shoot	KES 50,000
VAT 16%	KES 8,000
Total	KES 58,000

Total KES 58,000

What you did, how many, what each costs. Add VAT if you charge it. No surprises means fewer questions.

03 · INVOICE NUMBER

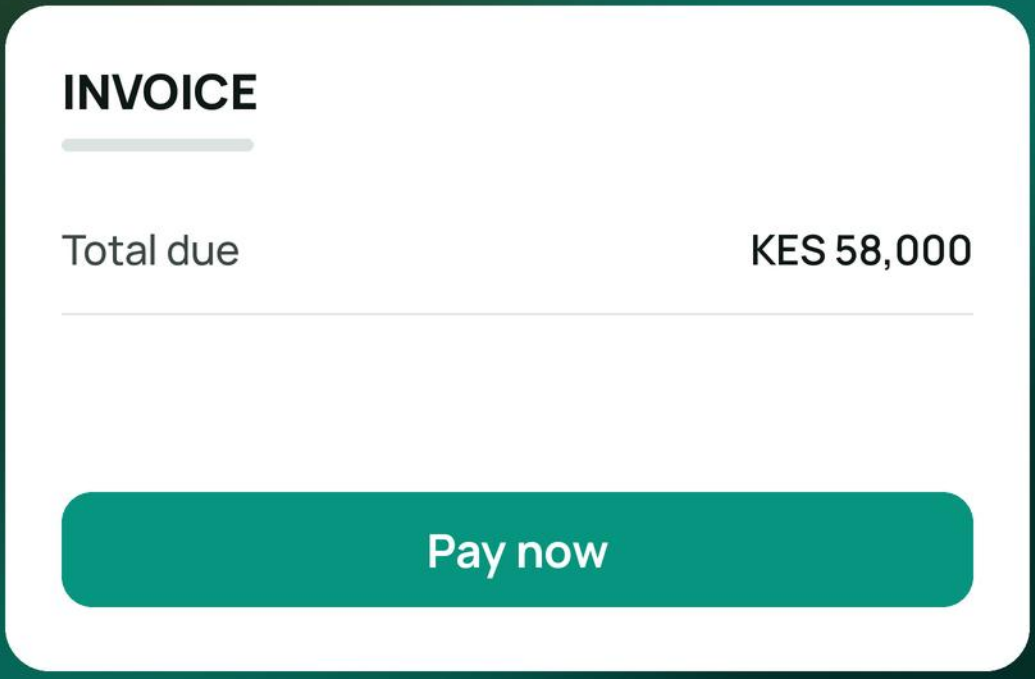

Give it a number

Your client can quote it when they pay, and you can find it when they say "nilituma".

04 · HOW TO PAY

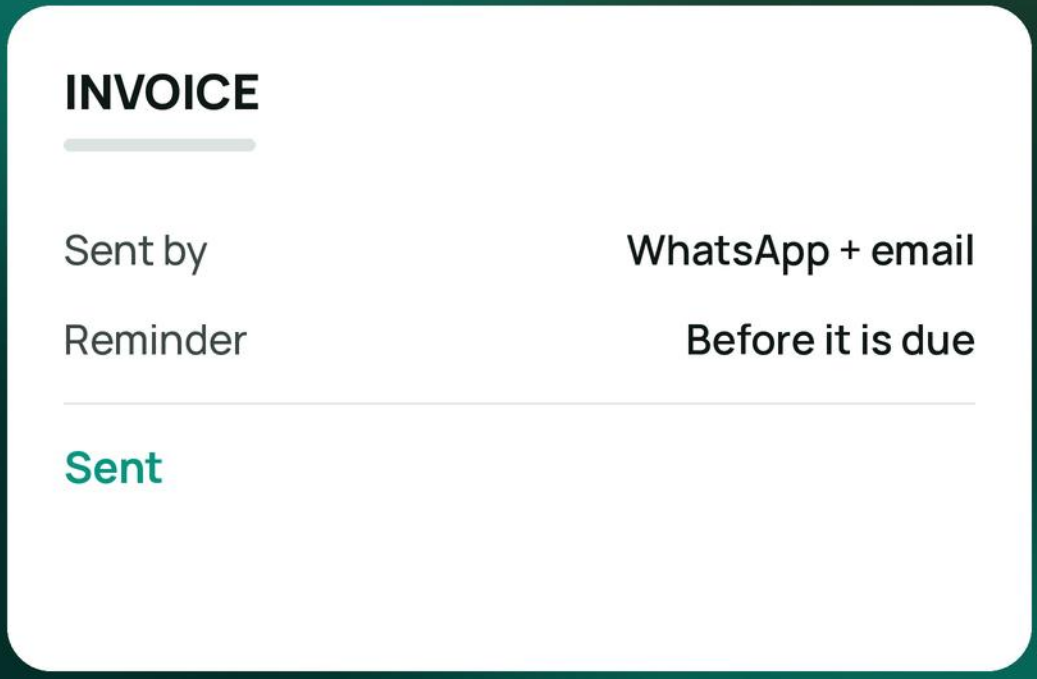

Make paying one tap

The easier it is to pay, the sooner it happens. Put the pay link right on the invoice.

05 · SEND IT WHERE THEY ARE

Send it on WhatsApp

Clients answer WhatsApp faster than email. Send both, then follow up with a reminder.
